RE: SYSTEM UPGRADE AND SMS NOTIFICATIONS.

As part of our ongoing system upgrade, it is a requirement that data be entered into both the old and new systems during this transition period. This is to ensure continuity of service and accuracy of records.

Due to this process, you may receive duplicate SMS notifications. These are temporary and normal part of the data migration. There is no cause for alarm and no action is required on your part. We hope to have a smooth transition by close of July, 2025.

Our ATM services may be temporarily interrupted from time to time, so we request for your patience.

We thank you for your understanding and continued support as we work to improve our services. Should you have any questions or concerns please do not hesitate to reach out.
